

# Community Impact Report FY22

**At the heart of our LDI family of businesses is a belief in our ability to make lives better through support of our communities. Through volunteerism and philanthropy, we support Education, Health, and Human Services causes primarily where our employees live and work.**

*In a multi-year approach to help Level the Playing Field for Kids in Education, our LDI locations engage with schools & students. We listen, learn, and then get to work packing healthy snacks, literacy kits & backpacks, hosting food and school supply drives, donating materials and funding to enhance learning success.*

\$49.5K

Grants awarded

110

Nonprofits received grants

### PTO for Volunteerism

1,314

Volunteer hours  
logged at all  
LDI locations

Since 2017, more than 25 LDI retirees have gathered to foster service to the community.

Over the years and through Covid, they have volunteered in schools, crafted and donated blankets and cards, packed food and came alongside our New Hope team to pack backpacks.
